Ternium Completes Sale of Non-Core U.S. Assets

Luxembourg, February 1, 2008 – Ternium S.A. (NYSE: TX) announced today that its subsidiary, IMSA Acero S.A. de C.V., has completed the previously announced sale of its interests in Steelscape, Inc., ASC Profiles Inc., Varco Pruden Buildings Inc. and Metl-Span LLC to BlueScope Steel North America Corporation, a subsidiary of BlueScope Steel Limited (ASX: BSL), for a total consideration of US\$726 million. Ternium will use the proceeds of the sale to prepay financial debt.

Ternium sold the assets after determining that they were not a strategic fit with its production system. The Company continues to own Steelscape's Shreveport, LA plant, which has already been integrated into its operations. Ternium also has retained its pre-engineered metal buildings and insulated steel panels businesses in Mexico.

Daniel Novegil, Chief Executive Officer of Ternium, said: "We are very pleased with the completion of this transaction, as it enables us to focus on our core businesses in the Americas. We will continue working to increase our penetration of attractive market segments in which we believe we can compete and add value to steel-consuming customers."

Forward Looking Statements

Some of the statements contained in this press release are "forward-looking statements". Forward-looking statements are based on management's current views and assumptions and involve known and unknown risks that could cause actual results, performance or events to differ materially from those expressed or implied by those statements. These risks include but are not limited to risks arising from uncertainties as to gross domestic product, related market demand, global production capacity, tariffs, cyclicity in the industries that purchase steel products and other factors beyond Ternium's control.
